

ANNUAL SPONSORSHIP OPPORTUNITIES

POSITION YOUR COMPANY AS AN INDUSTRY LEADER!

SMPS is the only organization dedicated to marketing and business development professionals in the A/E/C industry. Through our programs and other efforts, we fulfill our organization's mission to advocate for, educate, and connect leaders in the building industry.

To provide the A/E/C community with valuable business development, networking, and educational opportunities, SMPS Central PA relies on corporate sponsorships to ensure we remain an important resource for marketing professionals throughout the region. Sponsorship dollars allow us to produce quality programming essential to our members, helping them stay connected to people and trends related to marketing and business development for professional services firms.

Throughout the year, SMPS Central PA provides regular educational sessions, client panels, facility tours, networking events, and community outreach activities for those who market, sell, and manage professional services for the built and natural environments. **Your sponsorship dollars will be used to provide enhanced learning experiences, increase the frequency of networking events, support community and volunteer opportunities, and build overall awareness of SMPS Central PA and its value to both new and seasoned A/E/C professionals.**
